

## MINUTES OF MEETING

**DATE:** 06-10-2025

**TIME:** 9:00pm to 9.40pm

**MODE:** Online (Jitsi)

**AGENDA:** Discussion on the Zero to One series planning and upcoming events.

### POINTS DISCUSSED:

- Based on the positive response to the previous Zero to One session, it was decided to initiate a full-fledged Zero to One Series to be conducted every weekend.
- Objective of the series- to encourage members to explore new technologies, tools, and domains through short, focused learning sessions.
- Tentative schedule for the upcoming sessions is as follows
  - Week 2:–
    - 11 Oct (Sat): Git'ting Harsh – Jeevan
    - 12 Oct (Sun): IDEs VS (Vim + Tmux) – Garv
  - Week 3:–
    - 18 Oct (Sat): GoLang – Harsh
    - 19 Oct (Sun): Machine Learning (Part 2) – Sachin
  - Week 4:–
    - 25 Oct (Sat): Flutter Development (Part 1) – Kanav
    - 26 Oct (Sun): Flutter Development (Part 2) – Kanav
- An offline event has been scheduled for 3rd November, with the venue already confirmed.

- The creation of all online and offline sessions on the club dashboard is pending and will be completed shortly.
- Members agreed to maintain consistent documentation and timely updates for each session to ensure smooth coordination.
